List of documents for passing the entrance test in the form of a competitive selection based on the application package of foreign applicants to the educational program «Mathematics»

1. Required Documents:

1.1. Application form and CV (the applicants fill out the application form online and attach the CV separately);

1.2. Letter of motivation;

1.3. Result of the Interview (Issued by the Selection Committee, this document is NOT provided by the applicant. As only 2-10% of applications are recommended for admission, the Committee has insufficient resources for interviewing all applicants. If recommended for admission, the Results of the Interview for the applicant will be included.)

1.4. Copy of applicant's degree certificate (diploma or academic transcripts);

1.5. Letters of recommendation (written by colleagues, lecturers, academic supervisors, experts in the applicant's field of study);

2. Other documents, certifying educational and scientific achievements of the applicant (see the list below in Table 2).

Evaluation criteria for international applicants in «Mathematics»

The application package is scored out of a total of 50 points, distributed as indicated below. Applicants whose application package scores less than 32 points are not invited to the interview. The interview can take place either in person or online (Skype, phone, etc.). The results of the interview are also scored out of a total of 50 points. The Applicants are ranked by the total of the application package score and the interview score.

Table 1: Required documents.

Section of the package	Content	Score
Application form and CV (required)	Confirmation of candidate's proactivity (including summer schools, internships, seminars, etc. - see table 2 below) in the chosen field of study	20
Letter of motivation (required)	No more than two pages of printed text in A4 format, which should include: a) reasons why the candidate would like to study in this master's program; b) professional prospects for the future.
