INSTITUTIONAL RANKINGS

QS World University Rankings is an annual publication of university rankings by Quacquarelli Symonds (QS), a British company specialising in education.

The QS system now comprises the global overall and subject rankings (which name the world's top universities for the study of 48 different subjects and five composite faculty areas).

It is the only international ranking to have received International Ranking Expert Group (IREG) approval, and is viewed as one of the most widely read of its kind, along with Academic Ranking of World Universities and Times Higher Education World University Rankings.

The Times Higher Education World University Rankings, founded in 2004, provide the definitive list of the world's best universities, evaluated across teaching, research, international outlook, reputation and more.

THE's data are trusted by governments and universities and are a vital resource for students, helping them choose where to study.

We use 13 carefully calibrated performance indicators to provide the most comprehensive and balanced comparisons, trusted by students, academics, university leaders, industry and governments.

INDIVIDUALIZED EDUCATION PLANS:

Students can choose up to a third of the courses required for their majors, designing a course of study that closely corresponds with their interests and professional aspirations.

EMPHASIS ON EXPERIENTIAL LEARNING:

Twenty percent of degree credits are earned through project work, through which students learn "on-the-job" experiences that prepare them for employment after graduation.

STRONG ACADEMIC SUPPORT:

Academic mentors assist students in designing curricula and support them in their project work and research.

"

As a European you think you know something about Russia but you don't really. You have to visit Russia to fully understand and experience it. I was quite amazed by everything here. I like the Russian mentality and the approach to getting to know people.

Gero Parzefall, Germany,
student of MA double degree programme with TU Berlin

I have also gained work experience that I wouldn't have had the opportunity to get in the EU. Additionally, I have improved my Russian skills quite a lot and have expanded my network internationally. I think I have more interesting contacts now in Moscow than in Italy.

Camilla Allegrucci,
student of MA Programme

SHORT-TERM PROGRAMMES

PREPARATORY YEAR

HSE's Preparatory Year trains international students with little or no knowledge of Russian before they begin Russian-taught Bachelor's and Master's programmes. Over 10 months of intensive study, students improve their basic language skills, study in a chosen academic field, and adapt to the new educational environment.

DOING BUSINESS IN RUSSIA

Designed for students interested in careers involving Russia, this programme provides both valuable practical experience through internships and theoretical knowledge through classroom *instruction.*

hse.ru/doingbusiness

RUSSIAN AS A FOREIGN LANGUAGE

Throughout the year, Russian language courses are offered at all levels, from beginner to advanced. Studying in small groups, students develop their reading, writing, and speaking skills through classroom instruction and conversational practice with native speakers.

Moscow

Moscow is a rapidly changing city at the center of Russian and international politics, culture, and commerce. At HSE, it is affordable even on a student budget to take advantage of all the city has to offer. HSE's main campus is located in the heart of the city, minutes from the Kremlin. The neighborhood, Kitai Gorod, is one of Moscow's oldest, dating back to the 11th century. This lively student area is filled with cafes, museums, and some of the oldest churches left standing in Moscow.

hse.ru/en

St. Petersburg

HSE's St. Petersburg campus is comprised of the School of Economics and Management, the School of Social Sciences and Humanities, and the Faculty of Law. Thirty full-degree programmes are offered, including two English-taught Master's programmes. The campus is home to two international laboratories and the city, known as Russia's cultural capital and its "Window to the West," is an ideal study abroad destination for international students.

spb.hse.ru/en

Nizhny Novgorod

HSE's Nizhny Novgorod campus was founded in 1996 and offers international summer schools, exchange semesters, and an English-taught Master's programme. "Nizhny" is a big city with a small town feel. Today an industrial hub, "Nizhny" is a big city with a small town feel. Its historical legacy and monuments have earned the city a spot on the UNESCO World Heritage list.

nnov.hse.ru/en

Perm

HSE's Perm campus offers programmes in Computer Science, Economics, History, Law, and Management.

Located near the Ural Mountains and the border of Siberia, Perm is a rapidly developing city home to a vibrant cultural scene with museums, theatres, and art galleries.

STUDENT LIFE

Outside of the classroom, HSE students are incredibly active. Student clubs span everything from newspapers and magazines to performing arts to debating to the outdoors.

- **HSE Talks** is a platform for students to deliver mini lectures to their peers, about everything from fighting procrastination to writing like a journalist.

- **X-Sports Club** organizes expeditions open to all students, including hiking in the Caucasus and surfing in Morocco.

- Volunteering is very popular among students. Two clubs, **Open Your Eyes** and **ICEF Outreach,** raise money and organize visits and events for orphanages, nursing homes, and shelters.

- Students can develop their ideas to early stage startups with the help of **HSE Business Incubator.**

- **Green HSE** is a movement of conscious and responsible people who aim to make our university the most environmentally friendly university in Russia.

CELEBRATIONS

The beginning of the academic year is marked by HSE Day, which since 2011 has been held in Moscow's iconic Gorky Park. More than 5,000 students attended HSE's 2015 Graduation Party, which was Star Wars-themed and featured speeches by university "elders" and intergalactic dancing all night long.

CAFETERIAS

HSE has cafeterias throughout its buildings that serve breakfast, lunch, and dinner. You can expect Russian classics like salat vinegret (a salad of beets, carrots, potatoes, and peas), buckwheat, and medovik (honey layer cake), dishes from Central Asia and the Caucasus, like manti (dumplings) and khachapuri (cheese bread), as well as international staples like lasagna and beef stir-fry. Vegetarian options are always available.

LIBRARIES

HSE students have access to our five Moscow libraries with the extensive collections. HSE also provides on- and off-campus access to the most extensive collection of international electronic resources in Russia.

BUDDIES

HSE's Buddies Network is a group of Russian students who volunteer to help international students adapt to life at HSE and in Moscow. They will meet you when you arrive, help you find your way around campus, and share with you their favorite restaurants and secret spots that only locals know. HSE Buddies officially proclaimed the part of Erasmus Student Network (ESN).

HOUSING

Moscow is a dense, sprawling urban center, but our comfortable and incredibly affordable dormitories are an excellent base for study at HSE.

Dormitories are furnished and have free internet access, communal kitchens, and laundry facilities.

All of our dormitories are accessible by public transportation.

«I lived in the dorms for three semesters and highly recommend it to incoming students. The dorms are close to the university, there is free WiFi, we get clean sheets each week, and it's lots of fun. We all gather for activities like cooking blini together and international food nights».
